

service CARDS

This Christmas we are all invited to #LightTheWorld by giving service to others, one by one, just like Jesus did.

Visit ComeuntoChrist.org for daily service prompts sent directly to your cell phone and to watch a beautiful new video about the Christ Child.

To help your children #LightTheWorld, we have made these service cards. Just print this PDF and cut into separate cards and then choose the 25 that you think are the best for your family.

3 WAYS YOU CAN USE THESE CARDS

1. Leave the pile of cards near an advent calendar filled with treats or small prizes. If they do one of the cards, they can put it IN the advent calendar, and take out the treat.
2. Leave the pile of cards near a nativity. Every time they do one of the cards, they put it in the nativity as a gift (like the wise men gave gifts).
3. Make the cards into ornaments and have a #lighttheworld tree. Every time a family member does one of the cards, they add it to the tree.

*** And you can leave blank cards out too and let your children make their own #lighttheworld cards that are specific to your family. These would end up being the most special cards!

If you share on social media, make sure to give them the hashtag #lighttheworld.

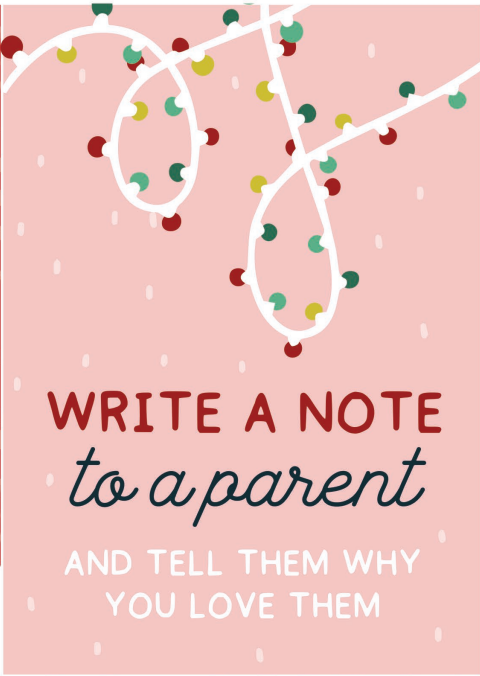

Merry Christmas!
